**LEARNER PATHWAYS** to Teacher Effectiveness for Language Learning

**How do performance assessments advance student learning?**

Learner Pathways look at effective learning experiences from the perspective of the learner by describing what students do. Each pathway identifies three learner engagement behaviors. Key subcriteria from the Teacher Effectiveness for Language Learning (TELL) Framework identify a set of teacher behaviors that result in the identified learner engagement behaviors. These pathways allow teachers to reflect on the degree to which their learners exhibit the engagement behaviors and identify areas of focus for their professional growth.
